

Community Council Notes 3/1/23

Attendees: Melissa Dietzel, Melanie Del Toro, Nancy Wood, Laurie Brown

Excused: Rosemarie Rojas, Taysha Bundy, Krystal Shelley, and Nicole Shurtz

White Ribbon Week Feedback - Teachers and students liked the assembly and the free t-shirts. The lesson plans were also well received. Next year we will try a new assembly and offer the teachers updated lesson plans on internet safety.

Community Council Roles - We discussed Community Council positions and agreed that we would like members to continue with the roles they serve this year. This means we will not need to hold elections next year.

Student Safety Routes - The intersection of 850 N and 2720 E needs to be fixed with crossing students. Melissa has contacted the city to conduct a traffic survey and have a police presence to help with student safety. We will address this concern again next year if it is not resolved this year. We also covered the safety routes should we need to evacuate the school and complete a unification drill in November of next year.

This will be our last meeting for the 2022-23 school year.
